S Alexander Essafi

IT Project Manager & Digital Marketing Specialist with a BA in Economics and Marketing from Université Paris XIII Sorbonne–Condorcet and certifications in PRINCE2, SCRUM, and IT Project Management. I try to bring a strong academic foundation in Agile leadership, drive continuous improvement, adaptive delivery, and a high-performing team culture.

Skills:

Strategic planning, digital marketing, conversion optimization, and data-driven decision-making. Known for strategic clarity, analytical creativity, and a collaborative leadership style.

EXPERIENCE

WidenMarketing AB, Remote-Stockholm: *Senior digital marketing specialist*

April 2025 - November 2025

- Directed cross-platform paid media operations (Meta, TikTok, Snapchat, LinkedIn, Pinterest, Reddit, ...) using behavioral insights, forecasting models, and platform-specific optimization.
- Built performance marketing frameworks grounded in statistical analysis, attribution logic, and evidence-based decision-making.
- Designed budget allocation and bidding strategies aligned with business KPIs, predictive accuracy, and efficiency benchmarks.
- Owned messaging and copywriting across all paid channels, applying segmentation, behavioral science, and academically informed communication principles
- Content guidelines and recommendations. With some content creation and corrections.
- Drove creative optimization through structured experimentation, insight-driven iteration, and close collaboration with design teams.
- Executed rigorous A/B and multivariate testing to improve CTR, conversion efficiency, ROI, and ROAS across diverse audience groups.
- Led strategic alignment with clients and senior Google specialists to maintain a unified cross-channel narrative and performance coherence.
- Applied Agile marketing practices to accelerate iteration cycles, strengthen collaboration, and support continuous improvement.

Monkey Labs, Freelance Consultant, Remote: *Head of Digital Marketing*

February 2022 - February 2026

- Led full-funnel digital strategies and brand positioning across multiple clients, applying behavioral insights and academic marketing principles.
- Directed paid social campaigns (Meta, Instagram, TikTok, Pinterest, Twitter, LinkedIn) using data-validated optimization and KPI-aligned decision frameworks.
- Managed e-commerce storefronts, product lifecycles, UX, content, and conversion performance with a focus on clarity, accessibility, and ethical communication.
- Oversaw multi-channel digital execution across social, email, and web, ensuring coherent narratives and measurable growth.
- Produced messaging frameworks, ad copy, and value propositions grounded in segmentation, behavioral science, and human-centered communication.
- Designed creative assets and visual concepts, maintaining brand consistency and performance alignment through structured experimentation.
- Implemented tracking pixels and analytics systems to translate user behavior into actionable insights and evidence-based optimization.
- Coordinated cross-functional projects using Agile workflows, ensuring transparent timelines, aligned deliverables, and psychologically safe collaboration.
- Conducted continuous trend, consumer behavior, and competitive research to inform strategic decisions and future campaign direction.
- Mentored junior marketers, fostering analytical thinking, ethical practice, and readiness for expanded responsibilities.

Clients served: Moment Tattoo & Body Art Studio • ZoCom AB • Wemarketing/T14Marketing • TRIB3 • BuyAndBorrowMusic • Ucation • Ali Campbell NLP Masterclasses • Amanda Hamilton Nutrition Masterclasses • Richard Knight Tarot & Hypnosis • Ulanzi • Zuri Furniture • Portugal Restaurants

Esther's, Stockholm: *Head Of Digital Marketing*

April 2022 - August 2022

- Developed and executed organization-wide digital strategies aligned with long-term business goals and growth priorities.
- Managed digital marketing budgets, ensuring cost-efficient execution and strong ROI across all channels.
- Led and mentored the digital marketing team, providing strategic guidance, structured feedback, and capability development.
- Tracked emerging digital trends and technologies to maintain innovative, evidence-based marketing practices.
- Built strong relationships with clients, vendors, and partners to support alignment and business impact.
- Oversaw multi-channel campaigns (email, social, search, display) with cohesive messaging and performance-driven execution.
- Designed measurement frameworks and analyzed campaign data to drive continuous optimization.
- Collaborated across departments to integrate digital initiatives into broader organizational strategy.
- Managed and optimized the website and digital assets, ensuring strong UX, updated content, and high search performance.
- Directed content marketing strategy to deliver high-quality, relevant, and engaging content for target audiences.

Gavagai AI, Stockholm: *Chief Digital Marketing Manager (CDMM)*

November 2019 - December 2022

- Led Gavagai's full digital marketing strategy, aligning paid, organic, and brand-building initiatives with long-term growth and product objectives.
- Built paid and organic growth systems that increased visibility, strengthened brand presence, and cultivated an engaged user base.
- Directed SEO and UX improvements across Gavagai Explorer & Closer to enhance discoverability, usability, and user satisfaction.

- Developed high-value content grounded in behavioral insights, clarity, and user-centric communication principles.
- Designed data-driven email marketing strategies using segmentation, analytics, and behavioral patterns to improve engagement and retention.
- Built and executed a comprehensive performance marketing roadmap integrating paid, organic, and owned channels.
- Managed prospecting and remarketing campaigns to maximize reach, engagement, and conversion efficiency.
- Oversaw budgets and optimized CAC, ensuring efficient spend and strong ROI across all digital channels.
- Planned and optimized KPIs across traffic, acquisition, and retention, ensuring measurable and sustainable performance.
- Identified and tested new channels to exceed benchmarks and expand acquisition opportunities.
- Collaborated with leadership on funnel optimization, presenting insights, conversion improvements, and performance results.

ZoCom AB/Axcrypt AB, Stockholm: *Marketing Manager/Project Management/Teacher Consultant*

April 2017 - April 2020

- Led end-to-end IT projects, managing scoping, planning, execution, delivery, and stakeholder alignment using Agile and structured project frameworks.
- Oversaw resources, schedules, and budgets to ensure efficient execution and measurable outcomes.
- Produced technical documentation and platform workflows to support operational clarity, scalability, and long-term system stability.
- Conducted UX, design, and technical website analyses to improve usability, accessibility, and performance.
- Taught IT Project Management at Swedish polytechnic schools, delivering Courses grounded in Agile, SCRUM, PRINCE2, and evidence-based project methodologies.
- Directed teaching teams, coordinated course structures, and managed program schedules to strengthen educational quality and student readiness.
- Maintained strong client and stakeholder relationships through clear communication, structured reporting, and consistent delivery of project objectives.
- Supported marketing operations through targeted content development, campaign optimization, and cross-channel coordination when required.

Genuin Sverige AB, Stockholm: *Senior Online Marketing Specialist*

April 2018 - November 2018

- Led performance marketing across key channels, activating target audiences with data-driven, funnel-aligned strategies.
- Analyzed conversion data, traffic patterns, and attribution signals to refine campaigns and improve ROI/ROAS through evidence-based optimization.
- Managed paid social campaigns (Facebook, Instagram, LinkedIn) using structured testing and platform-specific best practices.
- Supported inbound and outbound marketing with research-based content, advertising, and event-related initiatives.
- Collaborated with cross-functional teams and external partners to maintain unified brand messaging and coherent paid-channel performance.
- Designed creative assets in Photoshop and Adobe Spark, integrating behavioral insights and iterative experimentation.
- Implemented tracking pixels and conducted web analytics to ensure accurate data capture and actionable performance insights.
- Managed client relationships, delivering strategic recommendations and transparent communication around results and next steps.

- Conducted market and consumer behavior research to inform creative direction and channel strategy.
- Led creative ideation and campaign development grounded in behavioral science and platform dynamics.
- Mentored performance marketing staff, supporting structured learning and capability development.

Samsung Electronics Nordic, Stockholm: *Head of Digital Marketing/Nordic Team Lead*

August 2017 - October 2017

- Led cross-channel digital operations across Bought Media, Social, DotCom, CRM, audience management, and data workflows to ensure cohesive, evidence-based marketing execution.
- Analyzed Samsung's attribution model and cross-channel ecosystem to evaluate channel contribution, optimize spend, and strengthen performance coherence.
- Directed Nordic social media operations with structured processes, consistent execution, and alignment to brand and performance objectives.
- Worked hands-on with Adobe Marketing Cloud (AEM, Audience/DMP, Target) to support personalization, segmentation, and optimization workflows.
- Implemented analytics, tagging, and tracking frameworks to ensure accurate measurement, off-site validation, and reliable attribution.
- Educated internal teams on analytics tools, data interpretation, and performance measurement to strengthen organizational digital capability.
- Managed agency contracts and held budget responsibility for digital and social initiatives across Nordic markets.
- Built and refined operational processes for internal teams and external agencies to ensure clarity, efficiency, and cross-market alignment.
- Drove innovation in social media as a strategic channel, identifying opportunities for growth and optimization.
- Coached teams across Product Marketing, E-commerce, Corporate Communications, and PR to unify digital execution and strengthen capability.

Heetch, Stockholm: *Chief Digital Marketing Manager (Consultant)*

March 2017 - September 2017

- Built and executed Heetch's social strategy using competitive analysis, platform evaluation, and audience segmentation to deliver targeted, high-impact communication.
- Managed paid and organic campaigns across major platforms, improving visibility, ROI, and ROAS through structured testing and continuous optimization.
- Optimized company pages and social presence to strengthen brand identity and content distribution.
- Produced daily multi-format content to activate community engagement, support platform adoption, and maintain brand consistency.
- Analyzed behavioral and performance data to refine strategy, improve efficiency, and guide evidence-based decision-making.
- Defined KPI frameworks aligned with acquisition, retention, and engagement goals.
- Coordinated with offline marketing teams to ensure unified messaging and cross-channel coherence.
- Achieved 300% growth in active drivers and significant improvements in user and driver retention through optimized acquisition funnels and targeted communication.
- Adapted strategy to major regulatory changes in Sweden's P2P transport and taxi licensing laws, navigating constraints that impacted market scalability.

Facebook Advertising, Lisbon Area: *Sales & Marketing Expert (Facebook & Instagram)*

October 2015 - September 2016

- Built targeted paid social strategies for SMB clients using competitive research, platform evaluation, and audience segmentation.
- Managed and optimized Facebook and Instagram campaigns to improve visibility, ROI, and ROAS across diverse verticals.
- Optimized client pages and social presence to strengthen brand visibility, content distribution, and engagement metrics.
- Produced and published daily multi-format content to activate communities and drive measurable user actions.
- Analyzed behavioral and performance data to refine strategy, improve efficiency, and guide evidence-based optimization.
- Defined KPI frameworks aligned with acquisition, retention, and revenue goals for SMB portfolios.
- Managed a multilingual, multicultural SMB client portfolio, driving revenue growth and solving cross-market challenges.
- Delivered coaching and training to strengthen client and internal team capability in digital marketing and communication.
- Supported multiple global markets beyond Sweden due to multilingual fluency and cross-cultural communication expertise.
- Achieved 148% BOB profit in the final quarter through optimized funnels, targeted communication, and structured performance management.
- Contributed to the Facebook SMB project by identifying trends, addressing cross-market issues, and supporting scalable operational improvements.

ZoCom AB, Sweden: *IT-Project Manager/Account Manager/Office Manager*

April 2014 - January 2015

IT Project Management & Operational Leadership

- Project Management Ownership: Led digital and IT projects end-to-end, including scoping, planning, execution, and delivery.
- Technical Documentation: Documented technical platforms, workflows, and system structures to support operational clarity and long-term scalability.
- Resource & Schedule Coordination: Managed resources, timelines, and course schedules to ensure efficient project execution and educational delivery.
- Website Analysis & Optimization: Conducted UX, design, and technical analyses to improve website functionality, user experience, and performance.

Account Management & Client Development

- Portfolio Management: Managed a portfolio of accounts, ensuring strong client relationships, clear communication, and consistent delivery of project objectives.
- Business Development: Leveraged existing contacts to generate new business opportunities and expand partnerships.
- Client Engagement & Presentation: Delivered presentations, attended client meetings, and maintained high-quality relationships with both new and existing customers.
- Cross-Functional Coordination: Collaborated with internal teams to ensure alignment between project goals, marketing plans, and operational execution.

Educational Leadership & Office Management

- Team Leadership: Led IT teachers and coordinated course structures to ensure high-quality educational delivery.

- **Partnership Development:** Strengthened and expanded partnerships with external stakeholders to support program growth.
- **Operational Oversight:** Managed office operations, ensuring smooth administrative processes and efficient workflow across departments.

JENSEN Education, Stockholm: *Back Office Administrator / Project Administrator*

December 2013 - December 2014

Administrative Operations & Project Support

- **Back Office Administration:** Managed internal operations across departments that do not interface with the public, ensuring smooth administrative and clerical workflows.
- **Data & Technology Management:** Supported technology systems and data management processes to maintain accuracy, reliability, and operational efficiency.
- **Organizational Coordination:** Provided structured support across teams, ensuring alignment, clarity, and timely execution of administrative tasks.
- **Customer Service & Problem Solving:** Delivered high-quality internal customer service, resolved operational issues, and ensured consistent support for staff and project stakeholders.

EDUCATION

Université Paris 13 Sorbonne-Condorcet, Paris: *Bachelor's Degree in Marketing & Economics, Communication & Behavioral Psychology*

2006-2011, Paris, France

Studied advanced marketing theory, consumer economics, communication science, and behavioral psychology. Coursework emphasized decision-making models, persuasion frameworks, market behavior analysis, and the psychological drivers behind consumer choice. Developed strong analytical foundations in economic modeling, strategic communication, and applied behavioral research.

JENSEN Yrkeshögskola, Stockholm: *YH Diploma in IT-Project Management*

2013-2014, Stockholm, Sweden

Specialized in IT-project methodologies, agile execution, technical documentation, and cross-functional coordination. I completed my professional certifications in **SCRUM** and **PRINCE2**, strengthening my expertise in structured project management, iterative development, stakeholder management, and delivery frameworks. Training included systems analysis, risk management, proactive communication, process creation and implementation, and digital workflow optimization.

Lycée Lyautey, Casablanca: *Baccalauréat in Business & Managerial Economics*

September 2000-June 2003 Stockholm, Sweden

Completed advanced secondary studies with a focus on business administration, economics, quantitative analysis, and organizational behavior. The curriculum emphasized economic theory, financial principles, strategic decision-making, and analytical reasoning.

Lycée Français Saint Louis, Stockholm: *Brevet, General Studies*

September 2001 – June 2003, Casablanca, Morocco

Completed foundational academic curriculum across mathematics, sciences, humanities, and language studies. Developed core analytical, linguistic, and problem-solving skills within the French educational system.
